VILLAE, EQVITI AVREI VELLERIS, MAIESTATI CATHOLICAE, A CONSILIIIS, EQVITVMQ. PRO EADEM IN BELGIO MAGISTRO  
OBSERVANTIAE MONVMENTVM PHILIPPVS GALLAEVS DD.

NEAPOLITANVS.

Inclita Parthenope, et similis Campania felix  
Fundit equos, bellis aptos, et fortibus armis,

Nec non et raris glebas perfringere inertes  
Et perferre grauis haudentes pondus aratri.

EQVVS HISPANVS.

*J. S. F. 1710. inv.  
A. G. 1710. scul.*

*Arduus irragis persultat Iberus in arvis  
Altior ingreditur, et mollia crura reponens,*

*Primus et ire viam, et fluuios tentare rapaces  
Audet, et ignotis sese committere lymphis.*

Theodor. Galle sculp.

Alro. Weris sculp.

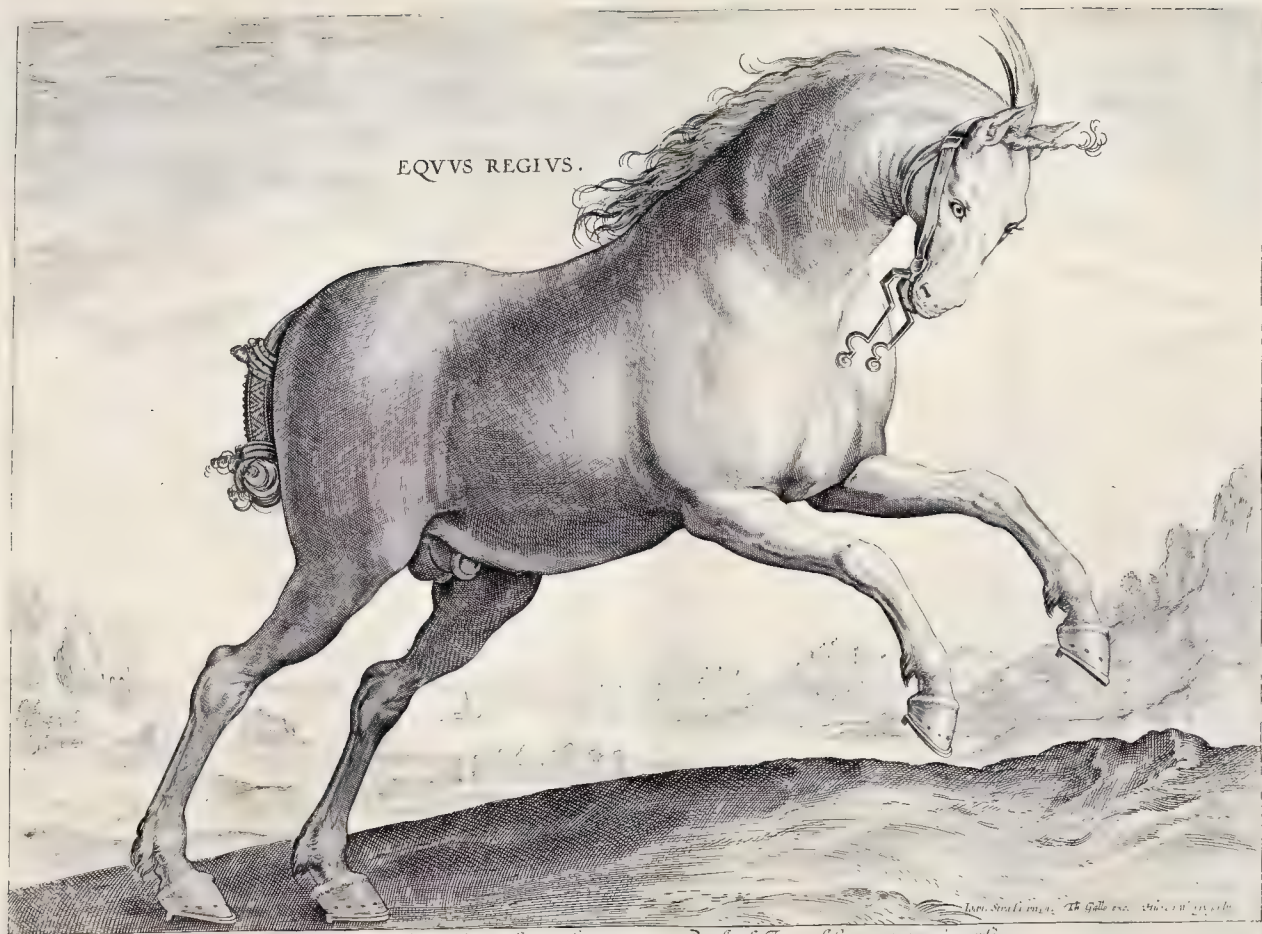

Aëre quod regina avium, quod in equore delphin,  
Inter equas merito pernix dicitur Iberus.

Cui cursu saluque parem vix altera tellus  
Eductæ aut pariter corpore cingunt decorum.

EQVVS REGIVS.

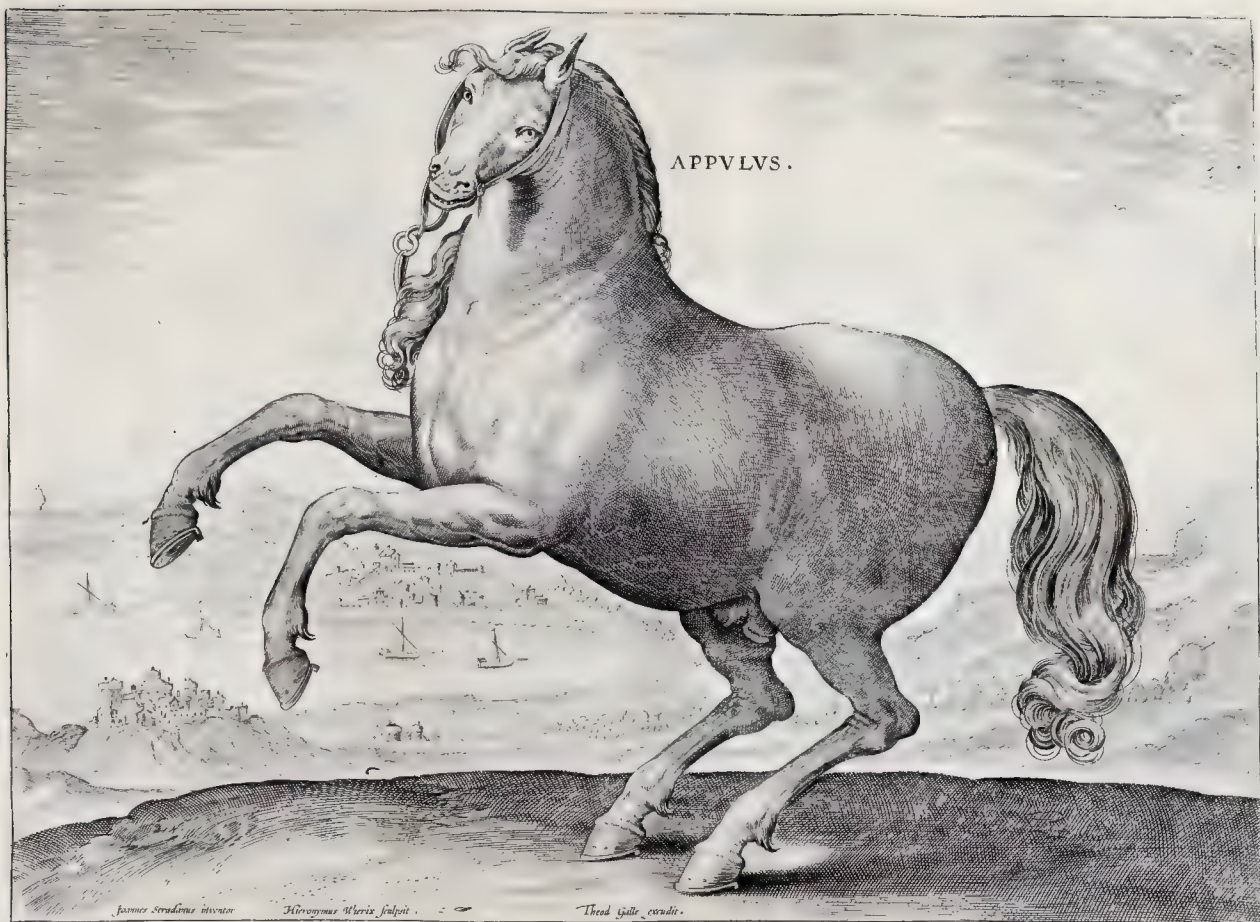

Ergo hic magnitudo qui conspicit orbem vultu.  
Hermityque fac, corpusque oculosque superbus.

Regali fastum dedit meritis in aula,  
Apus et ad pompam, et vultus accommodat assis.

Adspice tollentem rigidas ad silera vultus,  
Poetrix nixum pedibus, primisque superbe

Ad silum erectis,  lati fronte minacem:  
Talem Campani, talem dant Appula regna.

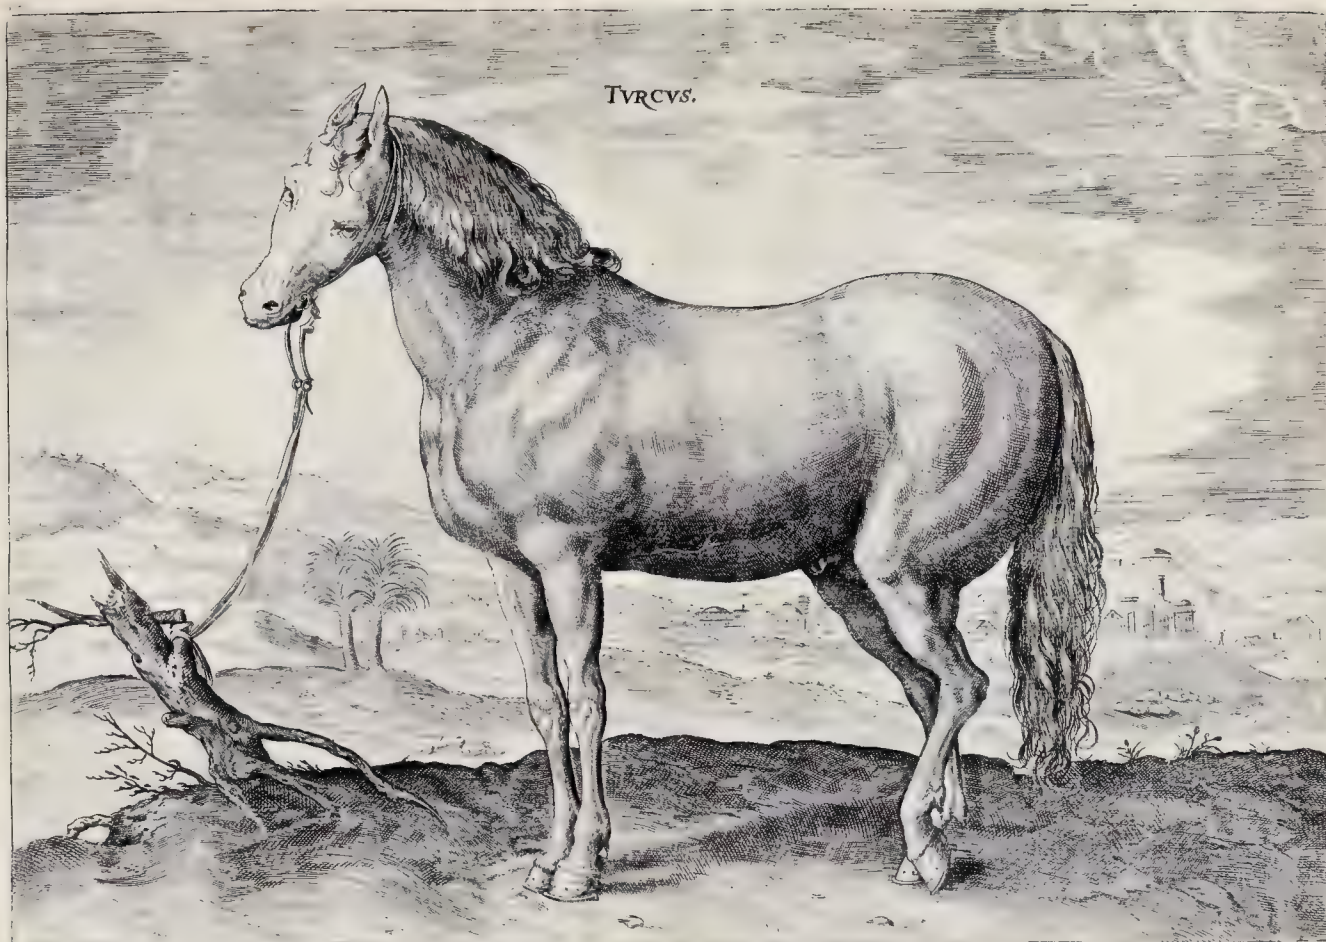

At quem Romanis dudum non cognita tellus,  
 Insula ab undiq; quæ tunditur undique ponto,

Ducit equum, placidus gressu, facilisque lupatis  
 Ducit, haud dorsi sessorum verbera vexat.

*J. Swadlow.*  
*17. Collus equi.*

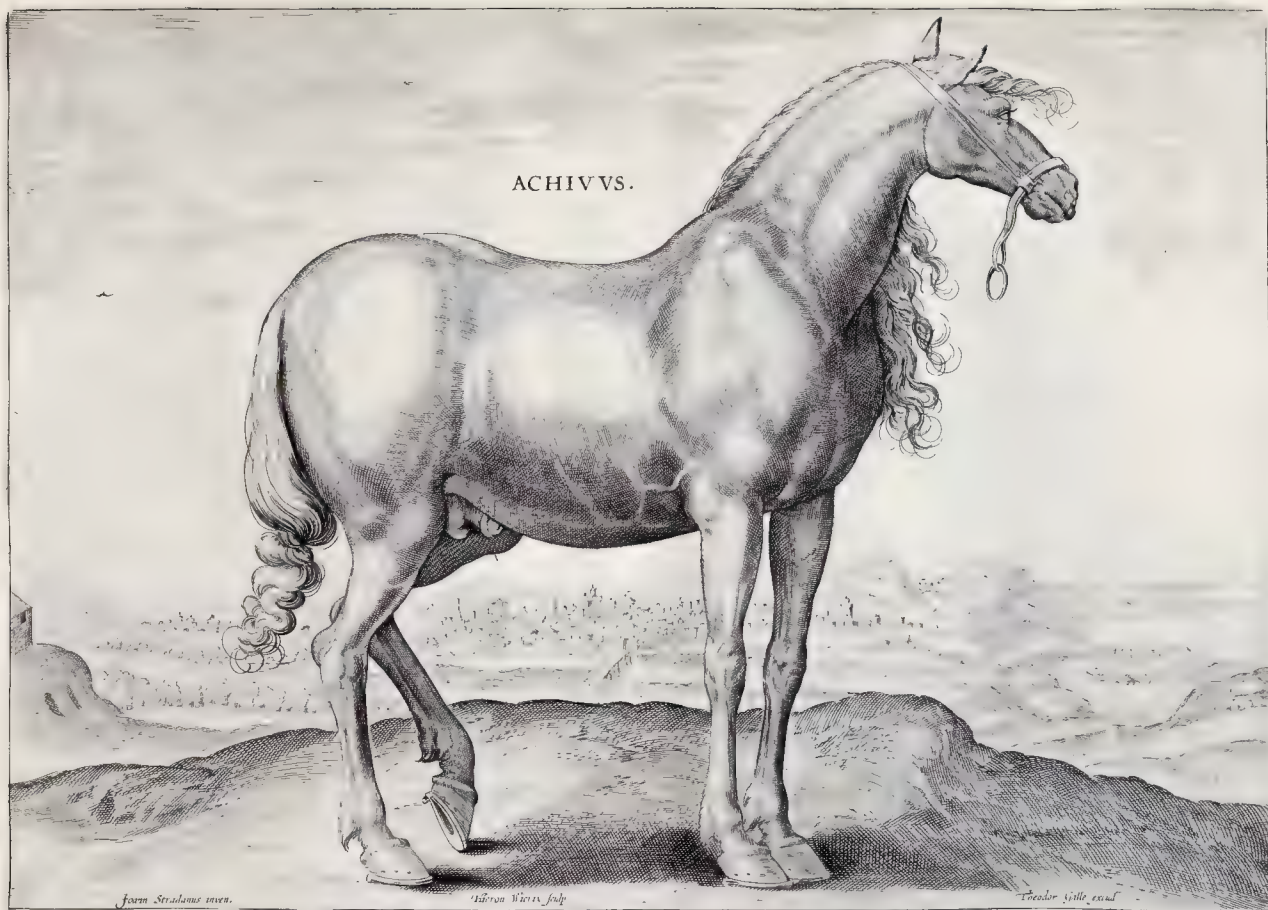

*Turcus acer campis, parvis contentus, obesus*  
*Tergore, per spem ceteri pede ferat agellus*

*Seci plerumque, sunt et fortius, testibus orbis,*  
*Atq. rursus tibi, pulchre et matrice sanna est*

Non minus insignes sunt Dardani regni athallae;  
 Quam quondam quondam, dum fuit Deusque, fuerunt.

Insignes habuere viros, namque arvis Achivi  
 Est in equo atque alacris conseruato in corpore virtus.

*Hinc ferunt quonvis, reuocare, nullumq; morantem  
Ad cursum gressus, similem in creta figura.*

*Hic ex parte: celsa namque est iudicio Euro.  
Cui caput argutum, atque aurigae in pectore vires.*

ARMENIVS.

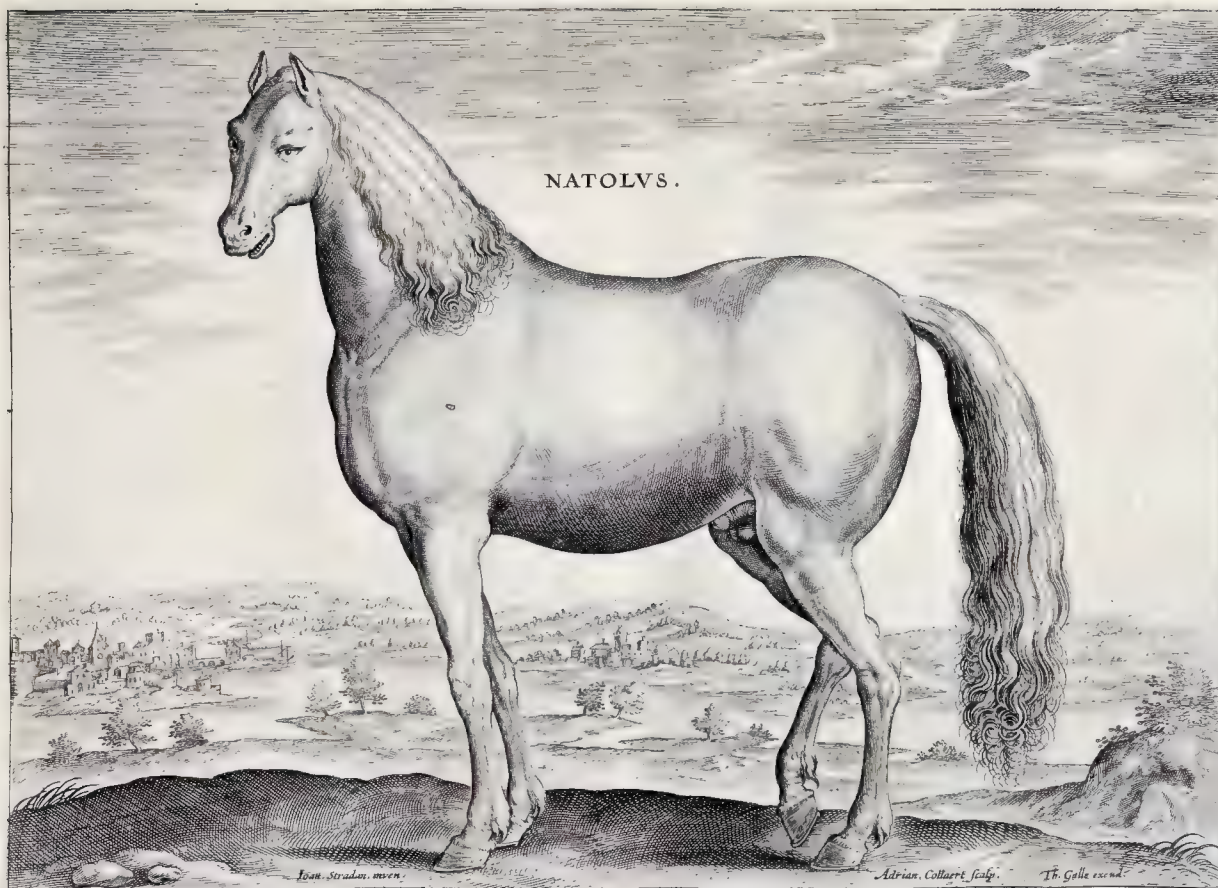

*Isura. Strada inven.  
Miron Wierix sculp.*

*Serenus Armenus semper prognatus in oris,  
Gaudet se fœvis belli miscere cœteris;*

*Nec timet in medias irrupere fortiter hostes,  
Infestæque acies, & tela minantia telis.*

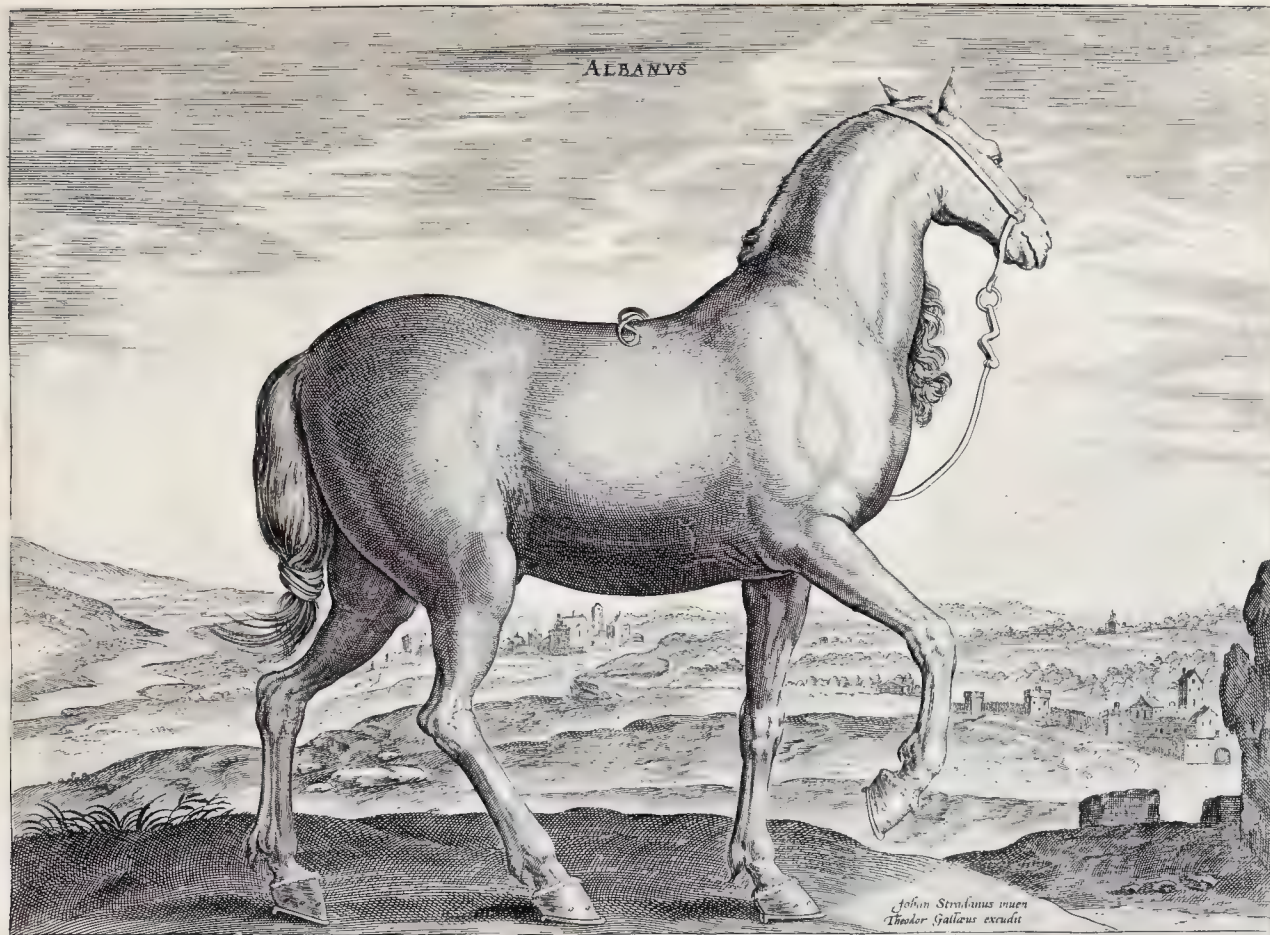

*Si pote equunque equicemq. pares conjungere votis,  
Quis neget esse uno Natolum Castore dignum;*

*Quis neget esse unum Natolo Castora dignum?  
Namq. equatum ut princeps Castor, sic alter equorum.*

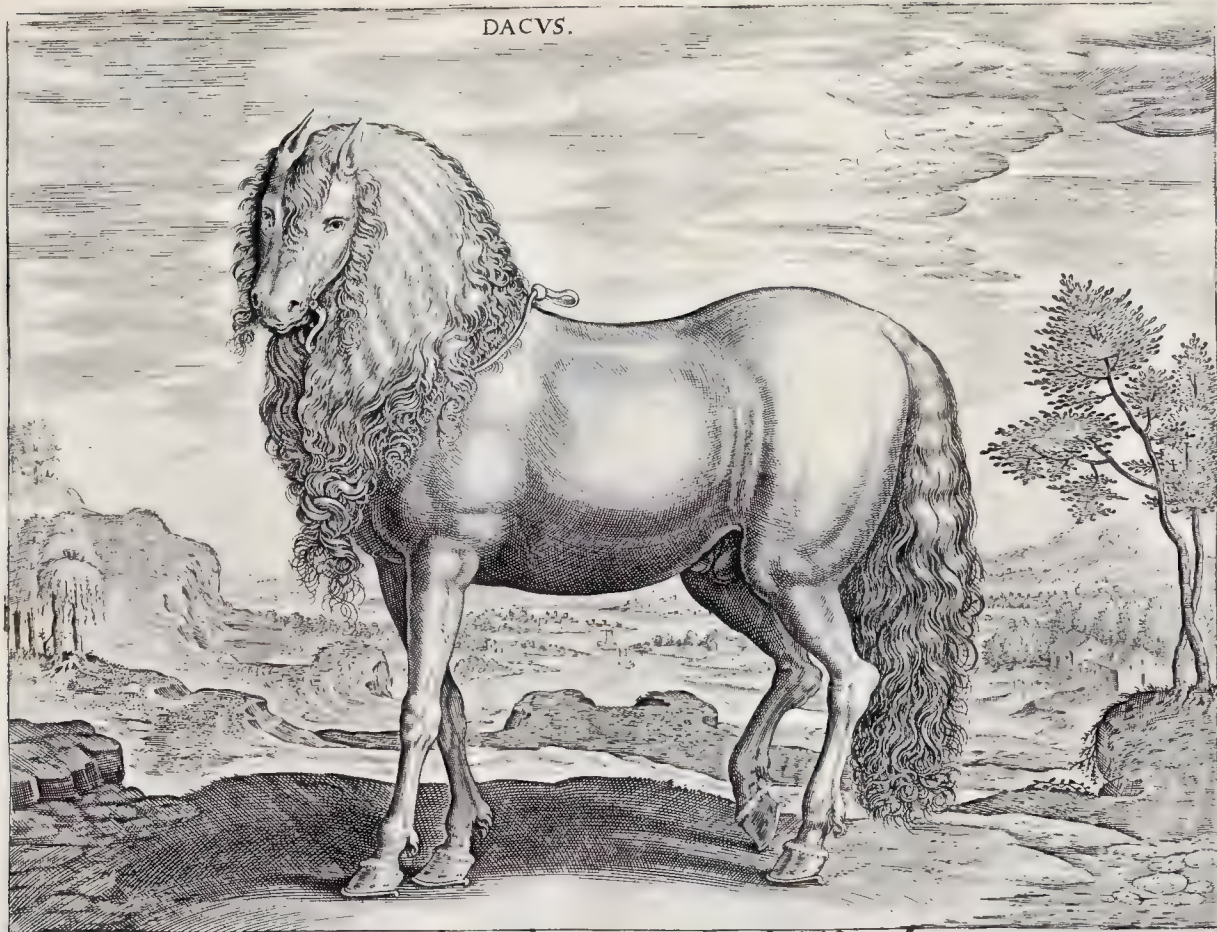

*Herbida fundit equos, bellis furialibus aptos  
Epirus, calidis volentes naribus ignes:*

*Qui vel ad Eliei metas, vel maxima campi  
Sudabunt spatia, et spumas flant ore cruentas.*

DACVS.

Hic ad bella ferox Valachus, iuba cuius ab imis  
Pendet crispa pedes, celeres preteruolat Euros

Curribus: ex facili se sorem deijcit, atq;  
Septius ingentes quatit atris calcibus Vros.

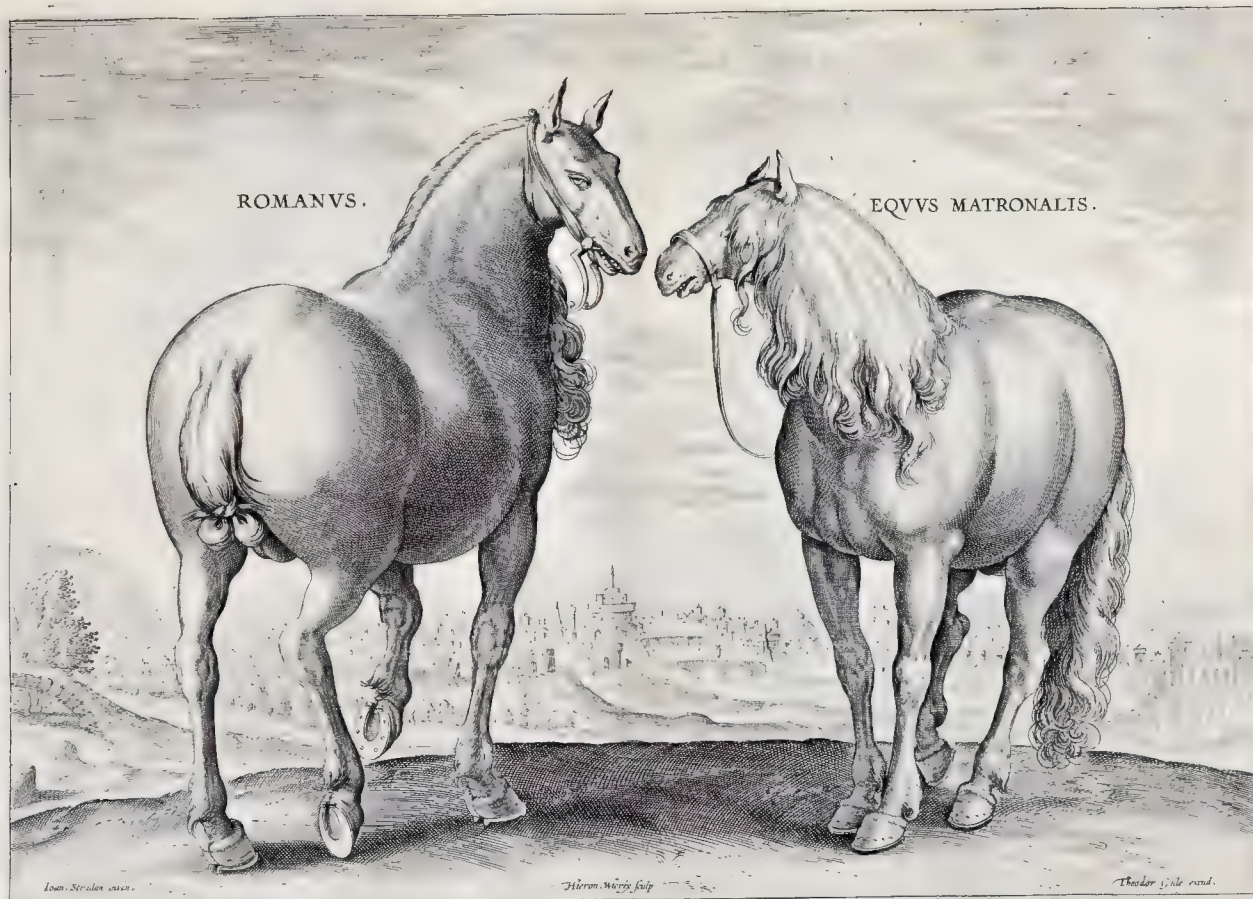

*Tuscus acer medij cum sese vallibus offert,  
Effert argutum caput, auribus omicat, aristo*

*Densa iuba in dextro semper iactata recubit,  
Concutiens solido passim frondentia cornu.*

*Gloria Romulidum toto' fiet' ampla' sit orbe,  
Sicq; tua, Roma, tamen raro laudatur equorum.*

*'Parvæ amans aulam' vestigia mollia possit  
Et placidus teneris gaudet portare puellas.*

Altera. Wierix. sculp.

Sunt licet Arctici Boreae sub flantibus ore,  
Quas, gens dura, tenent horrentes frigori Cimber;

Dant at equum tantum aciem animis, horrentis timentem,  
Gaudentem rivas praesentis glomerare per agros

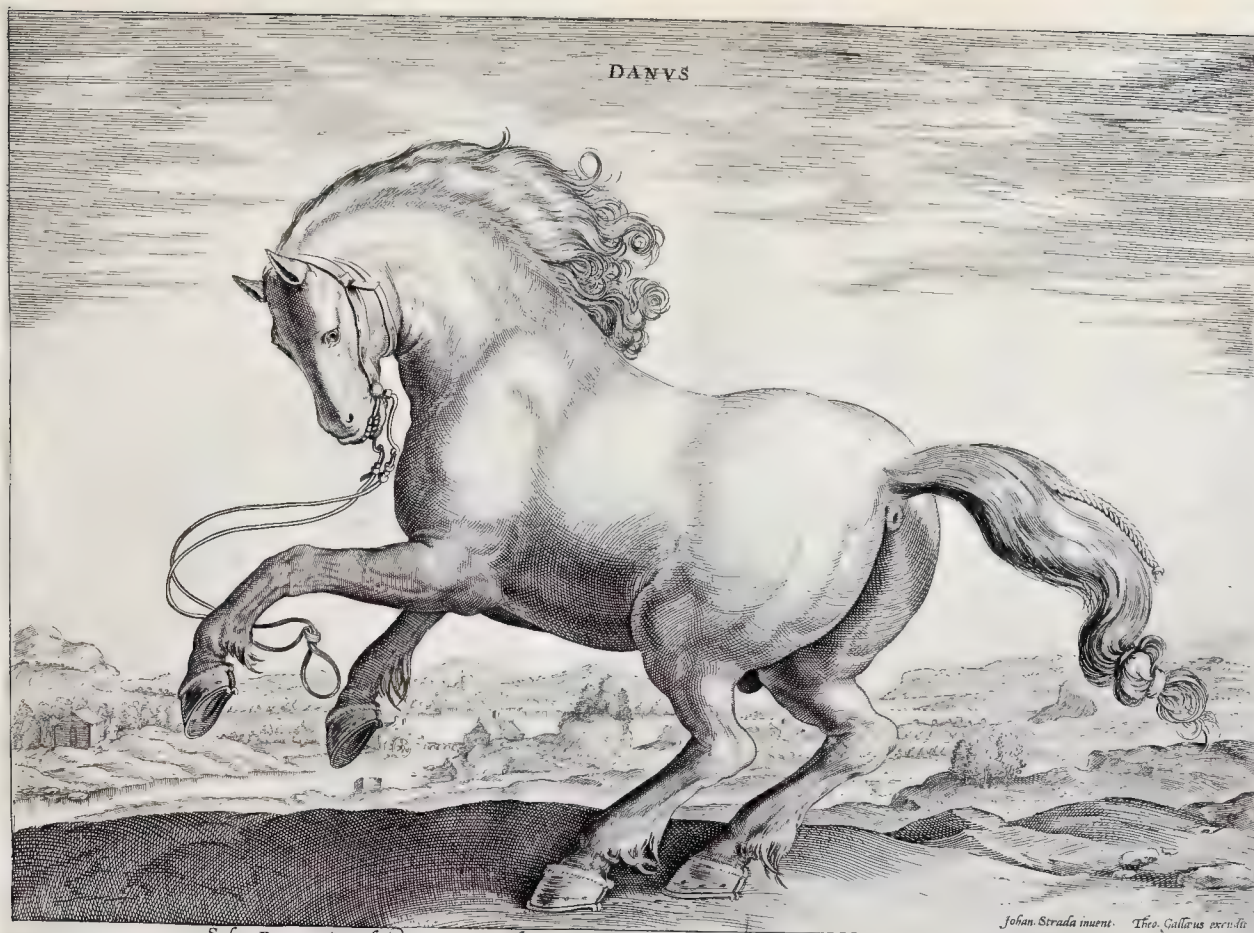

*Hic pugilem gaudet dorso gestare superbum ;  
Fulgenter phaleras, nec opoppia dura recusat :*

*Atq. cataphractus media inter praeia gaudet  
Vincitum lituos, et sonitus audire tubarum .*

*Salu Danus atrox, fastosus pectore celso,  
lungere cum celsa gressus grauiante superbos*

Aublūt caput, et vulgi se venditat aures :*

*Vere nouo reliqui dum stant in rupibus altis,  
Exceptantq; audis venientes oribus auras .*

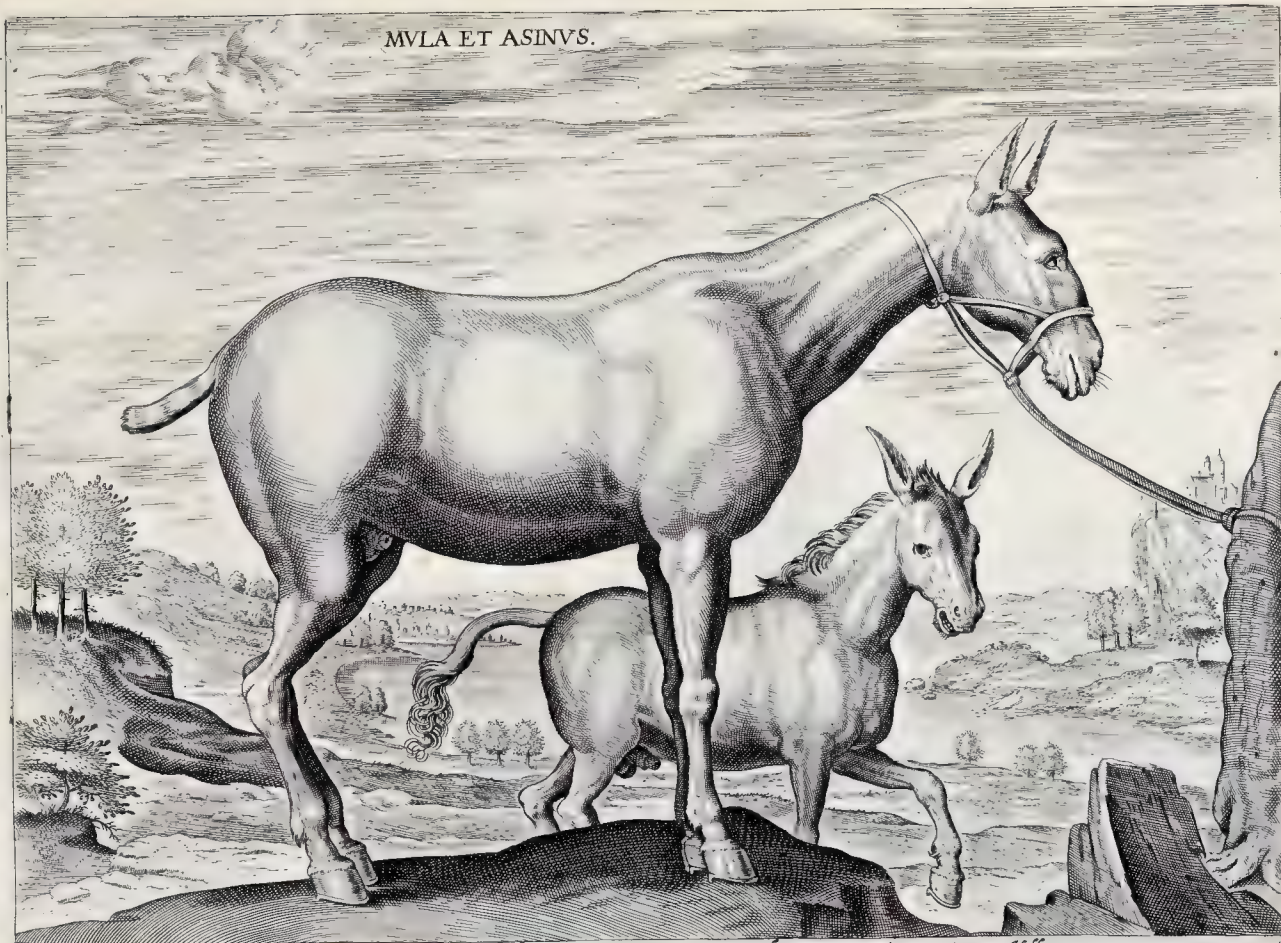

Ore omnes vergae in Zephyrum stant rupibus altis,  
Excerptantque leves auras, et saepe, sine ulla

Coniugis, vento gravida, per inhospita saxa  
Diffugiunt, scopulisque depressas convalles.

MVLA ET ASINVS.

*Mularum partus quod prodigiosus habetur,  
Frigida pignitior causa est, et inepta libido.*

*Ipse Deo hortorum merito mactatur Asellus;  
Gaudia rugini sua quod detoxent atro.*

DVELLVM EQVINVM.

Cur sœvum, ô homines, in mutua vulnera ferrum  
Queritis; ignivomisque agitatâ prœlia telis?

Quadrupes melius; quis, si pugnare necessest,  
Est telum proprio proprium pro corpore corpus.

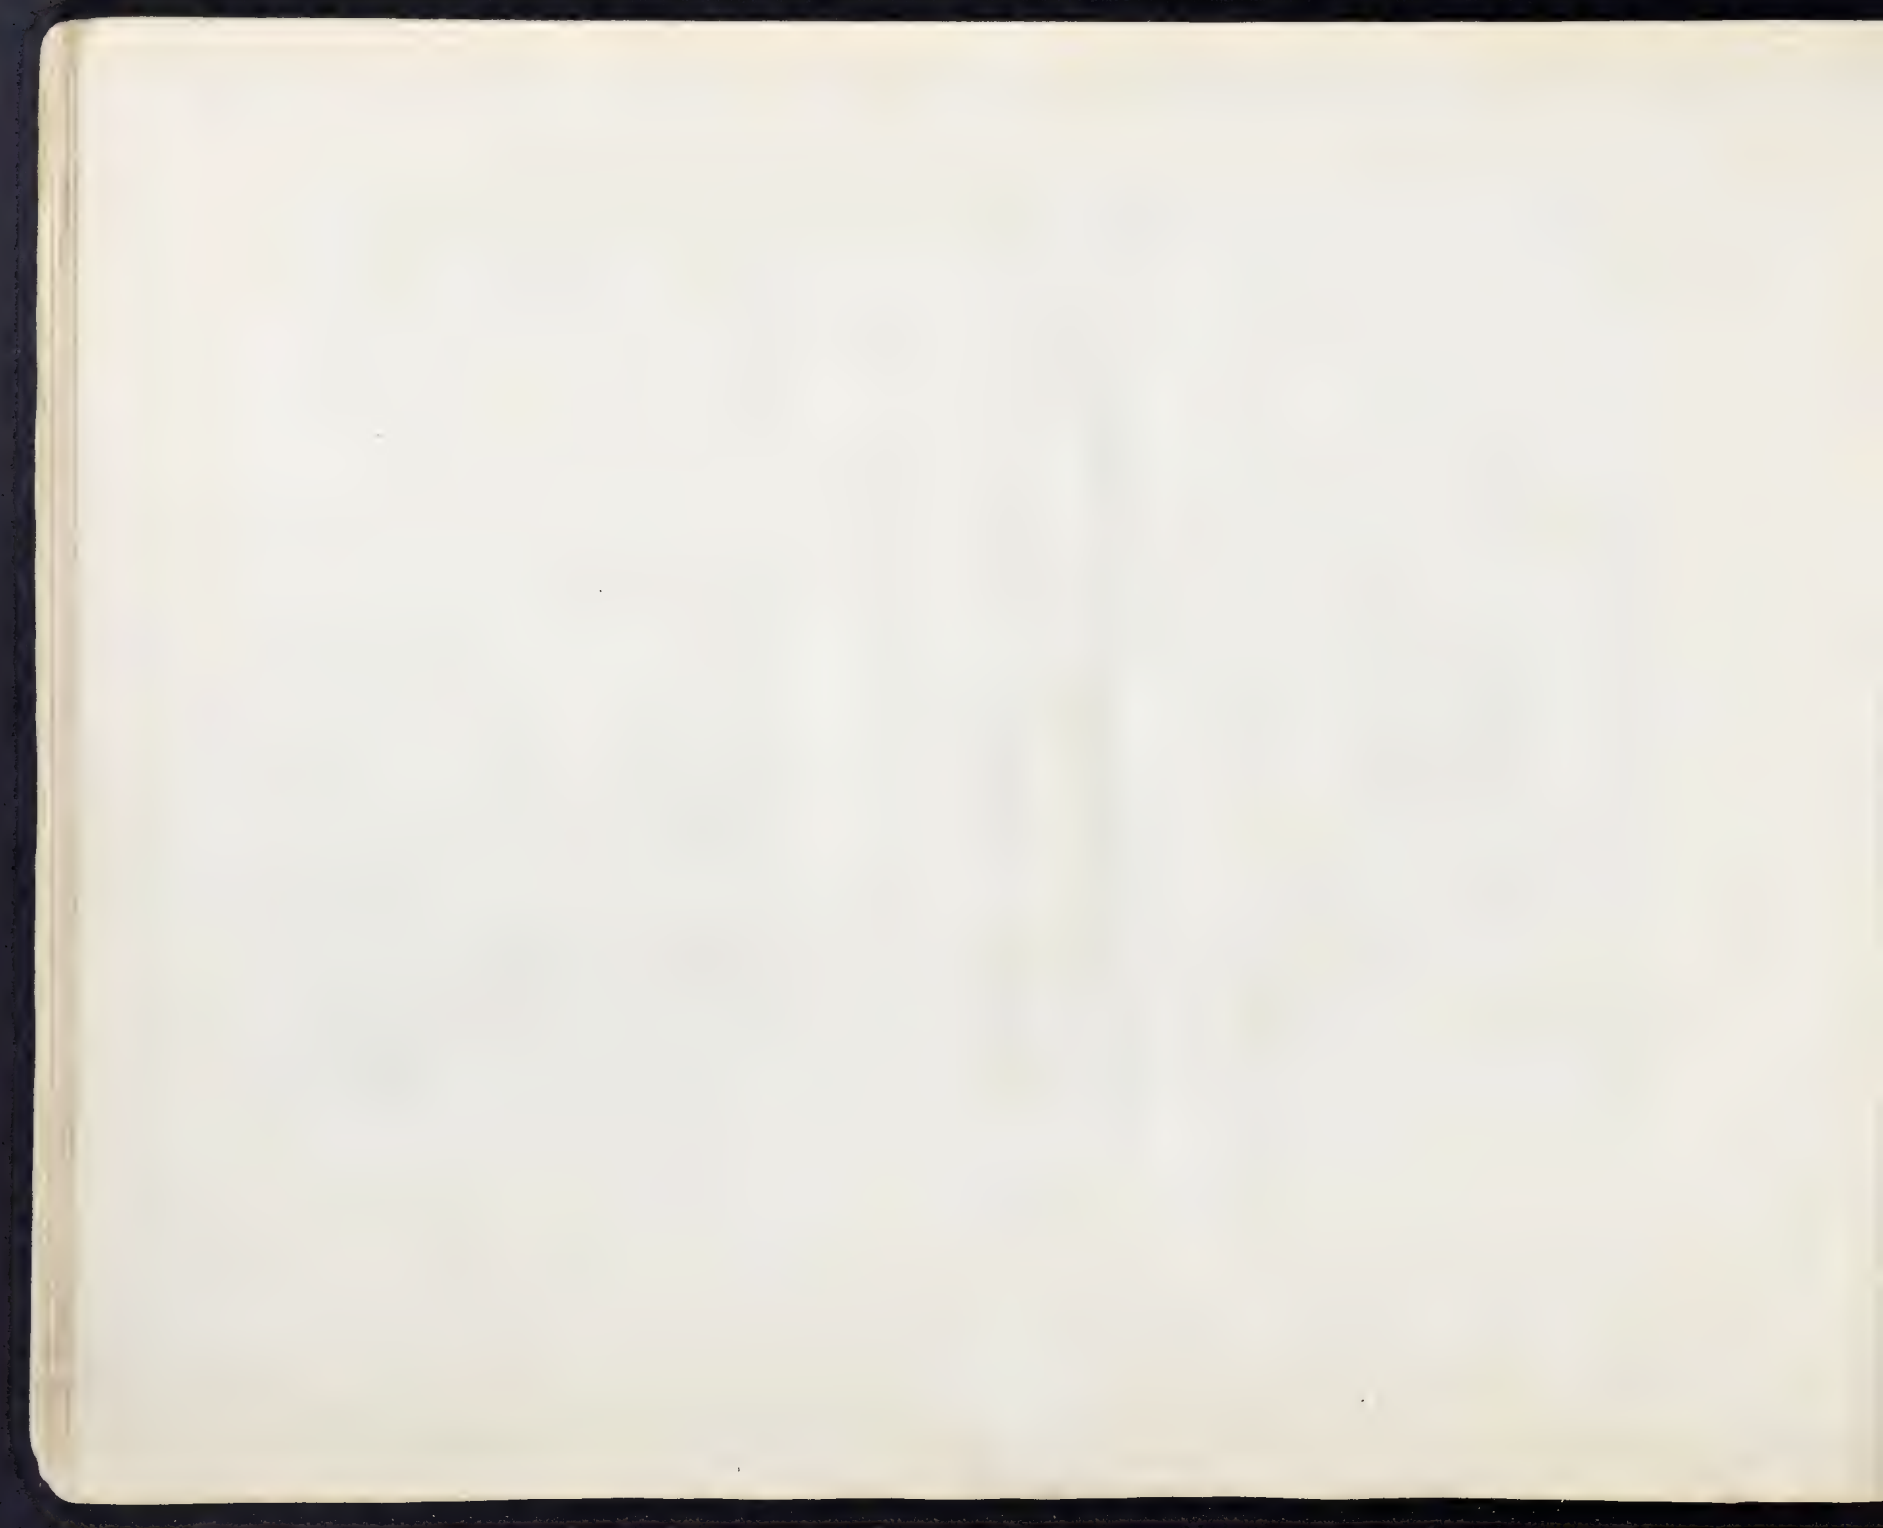

*Sic simul accensi, per inhospita tæsquæ furore  
Silvæ tres luctantur equi, sic hispida fœtis*

*Træa capillosis accollunt, mutua duris  
Calcibus, et lævo lacerant dùm viscera moysi.*

LIBERTAS EQVINA

Præcia venturæ sic tempestatis equorum  
Discurrunt iumenta, vagis humilibus auras

Implent, et summa spirantia naribus, yrrum  
Vignibus incurvis viridantia gramæ, fundunt.
